

PC301

- Vesa Δ 75x75 to 100x100
- Fits with Δ ≤ 27 " monitor
- Weight Capacity Δ 3.8~8.1 kg / 8.4~17.8 lbs
- Tilting Angle Δ Up 90°~Down 45°
- Pan Δ 180°
- Rotation Δ 180°

SINGLE MONITOR WALL MOUNT BY CDG

Living in the norm of the widespread of touch screens, for various settings and needs, monitors and displays are required to be fixed on the wall to make the most of the limited space.

Or simply fasten the monitor against the wall in the corner space without having the need to set up any work platforms.

Or perhaps you just like to keep it to the ultra minimalism. Nothing on the desk or no need for desks anymore. Think forward and act now.
